BRANDY GROVE

Brandy Grove is Ph.D. candidate in Macromolecular Engineering at Case Western Reserve University, with a research focus on polymer-nanocomposite morphology and rheology via computational physics. She received her BS at Kent State University in Physics. Brandy is the Symposium Director as well as a board member for The Scientista Foundation, a national non-profit that works to improve female visibility and gender equality in STEM fields. In her spare time, Brandy is a fitness and dance instructor at The Movement Factory and 121 Fitness.
