

SPEAKER BIO

TERESA HACK

Teresa Hack is President and Chief Operating Officer of Channel Products, a privately held, Cleveland-based manufacturer of component systems and technologies for the gas appliance industry and a sought-after supplier of high-tech materials for the piezoelectric and piezo-ceramic industries.

In addition to her management of Channel Products, Ms. Hack has earned a following as a speaker on issues of leadership, personal development, and business culture. An accomplished business executive, she serves on the Board of Directors for one of the nation's leading retailers of outdoor furnishings and on the Visiting Committee of Cleveland State University's Monte Ahuja College of Business.

Ms. Hack's most recent honors include recognition of Channel Products as a "2016 Evolution in Manufacturing" award recipient and her own inclusion as a Smart Business Magazine "2016 Progressive Woman" honoree.

Ms. Hack volunteers for a range of non-profit and civic organizations, including international travel for hurricane relief. She holds a Bachelor of Business Administration degree and a Master of Organizational Leadership degree.

With a passion for seeing people develop and thrive, Teresa lives by the mantra of leading and motivating people and managing processes. She believes that hiring, equipping, empowering, and developing intelligent human capital is key to continual success in any organization.

Ms. Hack resides in Salem, OH.
